

Tamron Hall,

My wife suggested I watch your Vaccination Program. Personally I was not surprised you supported vaccinations and added two other supporters against Janine, the mother who protected her son.

Your suggestion there is No Science to peoples claims for refusing vaccinations is wrong and Real Science Proves to be the correct answer for receiving these dangerous vaccines. Yes Dangerous. The Real Science is what exposed Vaccinations being used to intentionally spread diseases in men, women, children and babies.

As far as the Tuskegee experiment, which went on from 1932-1972, where Scientists', under the direction of the U.S. Government, tried to actually find a way to exterminate Black People, only changed into the AIDS/HIV crisis.

The Truth about the Dangers of Vaccinations was uncovered by, Dr. Robert B. Strecker and his brother, Attorney Theodore A. Strecker, while doing a Health Research Study for Security Pacific Bank. Dr. Strecker revealed in his Video, "The Strecker Memorandum" and a document to every Government Official in the Senate, Congress, up the President of the U.S., a document titled "This Is A Bio-Attack Alert", in March 28, 1986, complete with a reference list, indicating how AIDS/HIV, Cancers and other Diseases were intended to be spread during Vaccination Programs. Dr. Cyril Broderick has also suggested EBOLA was created in a Lab by Scientists'.

The fact you attacked the credibility of your guest, while promoting the False Science, which has been proven extremely dangerous and encouraging people to get vaccinated is very interesting.

Your lack of neutrality in the matter is dangerous to humanity, in event they believe the lies and science you support, in my personal opinion. You would do better to research the Truth in the matters of Vaccinations and the Science, which has the intent to experiment on and intentionally destroy human life.
